Dear Ms. Walker:

I have been asked by Mr. Casey to respond to your letter of 15 January 1986 requesting that the Agency participate in the 1986-87 President's Commission on Executive Exchange Program. As you know, we support the principle of the Program and believe it offers tangible benefits to both the U.S. Government and the private sector.

In response to your invitation, we have thoroughly reviewed the possibility of nominating an Agency officer for this unique professional opportunity, but regret we do not have such a candidate. However, I hope you will continue to consider the Agency for future program candidates.

We appreciate your continued interest in the Agency and best wishes for a successful program.

Regards,

Robert W. Magee

The President's Commission on Executive Exchange  
THE WHITE HOUSE

January 15, 1986

Dear Mr. Casey:

We would like to invite you to nominate an exceptional Federal executive for participation in the 1986-87 President's Commission on Executive Exchange. This unique opportunity offers Federal executives a one year corporate assignment. Through this firsthand view of the challenges of the private sector, senior Federal executives will exchange new and effective management techniques and help promote better understanding between government and business.

The Commission seeks one outstanding Central Intelligence Agency executive with a proven record of accomplishments whose career will be further enhanced by a one year corporate experience. Nominations are due March 1, 1986 and are limited to career executives who:

Are currently members of the Senior Executive Service (SES) or an equivalent system, candidates for the SES, or exceptional GS-15's or equivalent, who will be candidates for SES positions in the near future;

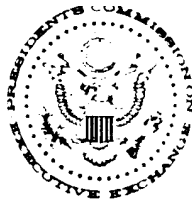

Have a proven record of management ability, including outstanding on-the-job accomplishments, with no significant private sector work experience;

Have a high intellectual and leadership capacity, a demonstrated ability to interface with senior management, and the skills needed to articulate their views in both public and private forums;

Have skills, expertise and/or experience applicable to the private sector and the capacity to use those skills in a meaningful corporate assignment;

Possess the sophistication and knowledge to represent your department and this Commission in the private sector;

Are willing to relocate and will be available for assignment outside of Washington, DC beginning late September, 1986.

-2-

While specific experience in a particular area is not required, we find that individuals with experience in financial analysis, international relations, science and engineering, ADP and computer sciences and long range planning are in most demand.

It has been proven over the last four years that both the executive and the agency highly benefit from this one year experience; therefore, I look forward to receiving your nomination and the continued participation of your department.

Cordially,
